

Brosnan Boylan Golden Ltd

Our Remuneration

We, Brosnan Boylan Golden Ltd act as intermediary (Broker) between you, the consumer, and the product provider with whom we place your business.

What is Remuneration?

Remuneration is the payment earned by the intermediary for work undertaken on behalf of both the provider and the consumer. The amount of remuneration is generally directly related to the value of the products sold.

What is Commission?

Commission is payment that may be earned by an intermediary for work undertaken for both provider and consumer. There are different types of remuneration and different commission models:

Single commission model: where payment is made to the intermediary shortly after the sale is completed and is based on a percentage of the premium paid.

Renewal commission model: Further payments at intervals are paid throughout the life span of the product.

General Insurance Products

Our products, such as motor, home, travel, retail or liability insurance, are typically subject to a single or standard commission model, based on the amount of premium charged for the insurance product.

Profit Share Arrangements

In some cases, Brosnan Boylan Golden Ltd, may be a party to a profit-share arrangement with a product provider and will earn additional commission. Any business arranged with these product providers on our client's behalf will be placed with the product provider because that product provider is at the time of placement, the most suitable to meet our client's requirements, taking all the client's relevant information, demands and needs into account.
